

Hill PHOENIX
DISPLAY CASES

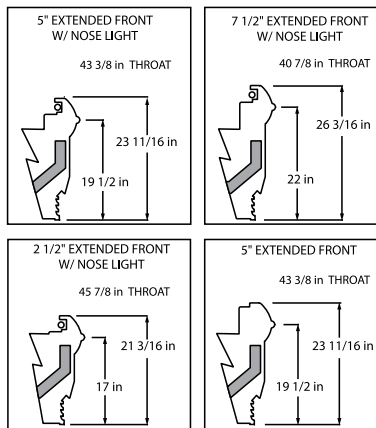

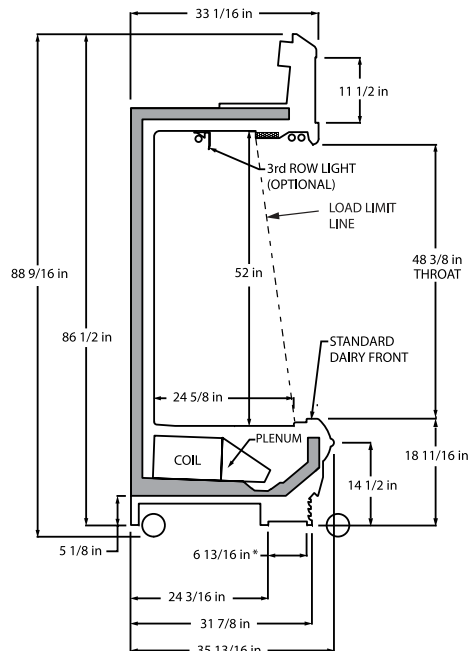

Multi-Deck Self-Contained

ONUA

*Medium Temperature Case -
Produce/Dairy/Deli/Meat Merchandiser*

Generate display impact
anywhere in the store
for a variety of medium
temperature applications,
from dairy and deli to
beverages and floral items.

Please consult Hill PHOENIX Engineering Reference Manual for dimensions, plan views and technical specifications. Specifications subject to change without notice. Designed for optimal performance in store environments where temperature and humidity do not exceed 75°F and 55% R.H. Certified to UL 471 and ANSI/NSF Standard 7.

Standard Options:

- Back-lit, top-mounted, promotional display sign captures shoppers' attention with your choice of standard or custom messages.
- Three front sill height options: 21" with nose lights; 21" without nose lights; or 27" without nose lights for specific product temperature or case variety.
- Two-position shelves available in 10", 12", 14", 16" and 18" depths to increase your display options.
- Two rows of lighting in cornice beautifully illuminates your product and lights display sign for more efficient use of power. Our proprietary Clearvoyant™ LED option available.
- Your choice of solid or full-view ends for your particular display needs.
- Standard time-off defrost for cost-effective operation.
- Heated evaporator drain pan allows case to be positioned anywhere in your store without need of floor drains.
- Remote refrigeration model ONU available.
- ECM energy-efficient fan motors available.
- Exclusive SmartValve™ energy-saving technology available.
- Environmentally-friendly Second Nature® secondary coolant application available.

Features and Benefits:

- Usable capacity of 25 cubic feet and 50" of vertical display area maximizes product facings and minimizes packout of specialty or perishable items.
- All-steel construction for increased life span and structural integrity.
- Seamless tank liner provides positive drain runoff and enhanced sanitation.
- Bottom-mounted copper coil and lift-up fan plenum with easily-removable fan basket and motor assembly for ease of maintenance.
- Integrated, two-part polymer bumper system and polymer kickplate provide unparalleled protection and durability.
- Removable castors for easy merchandiser unloading, movement and placement.
