	2 Extraction handles
17.5 Lbs	

THE BENEFITS OF HOP

No odor or evacuation of vapors

VERSATILITY: HOP is a ventless air fryer capable of cooking many varieties of pre-cooked frozen products

SPEED COOKING: Due to our "patented air circulation system" HOP will reduce 50% cooking time of normal convection ovens

HEALTHY: No use of oil for more healthy product means:

SAVINGS: Huge cost savings since you do not need oil and you save oil waste disposal and no insurance!

SELF-VENTING: Vents or hoods are not required due to a "patented air condensation system" included in the item.

COMPACT DESIGN: HOP is the most efficient and most compact air fryer available in the market today

EASY TO CLEAN: All internal components can be easily removed and placed in a dishwasher to facilitate daily cleaning

SECURITY: No need of constant personnel monitoring and no oil waste disposal

INSTALLATION: Low installation cost because required only water and drain connection + normal plug-in for electricity

ACCESSORY: "BK01" External stainless steel basket
